Our clients and Case Studies

Clients:

Some of our key customers are Accenture, BHEL, LRDE, Exa Sense, Kivar Group, LSG, CCS, Guru & Associates, Rexam, Neev Schools , Cottonwood, Thomsun Music House etc.,

Case study 1: Inventory management solution for a global leader in temperature sensors

Background and Context

- The firm is a global leader in temperature sensors having its manufacturing and R&D centre in India. The company was seeking ways to automate their inventory management process: Enhance their procurement process Have visibility on their WIP

Solution

- Automated data capture by deploying a barcode codification at various points - stores, labeled racks, bins and sub-bins.
- Deployed a data capturing process using handheld devices
- Output from this was integrated with client's Tally ERP system

Business Impact

- Reduced stock checking time leading to quicker decisions on procurement etc.

Case study 2: Inventory management solution for a leading power equipment vendor

Background and Context

The firm is a leading power equipment vendor having its manufacturing and R&D centre in India. The company was seeking ways to:

Automate its inventory management process

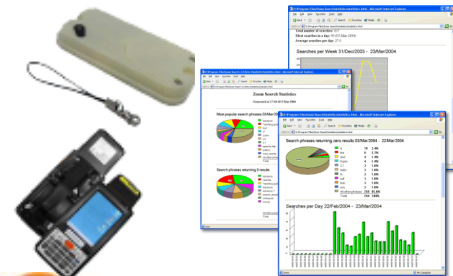

Improved visibility of the production value chain

Solution

- Automated data capture using RFID tags attached to an object, for the purposes of automatic identification and tracking.
- Suitable readers with appropriate ranges (30-35m) were configured and deployed for capturing data from the tags

Business Impact

- Easy and quick stocks updates
- Better visibility on the stocks
